Arrival information

We tried to make seat reservations for all participants arriving Barcelona on 07/09 which provided us with their travel information. There might be a few spare seats for people who did not register for the bus and still would like to join this service.

For persons missing their bus or arriving very late we suggest that you go to the (only) bank at the airport: "La Caixa" in terminal T1 and try to arrange your own transport by taxi or bus .

Departure information

Again, we made seat reservations for all participants leaving on 13/09 which provided us with travel information. Very early departure times could not be accounted for and we suggest to arrange transport with other participants by taxi.

Shuttle from Barcelona Airport

After your arrival at Barcelona airport, please go to Terminal T1 (if you are not already there), go downstairs and leave the building. Just in front of the T1 building you'll find different bus stops. The conference buses will be indicated with the template BEC2013 and look similar to the one shown on the picture below. On the map below the blue bus icon describes the location of the bus stop .
