

Dwek School on Nanoplasmonics

9-13 December 2012

Weizmann Institute of Science, Rehovot, Israel

Topics

Localized and delocalized surface plasmons
Nano-antennas
Interaction of surface plasmons with electrons
Surface-enhanced spectroscopy
Graphene Plasmonics
Metamaterials
Plasmonic-photovoltaics

Invited speakers

Javier Aizpurua, Basque Country, Spain
David Bergman, Israel
Javier García de Abajo, Spain
Jochen Feldmann, Germany
Haug Franz-Josef, Switzerland
Ulf Leonhardt, UK
Christoph Lienau, Germany
Martin Moskovits, USA
Meir Orenstein, Israel
Dan Oron, Israel
Tamar Seideman, USA
Hongxing Xu, P.R. China

Sponsors

Solo Dwek and Maurizio Dwek Research School of Chemical Science
Helen and Martin Kimmel Center for Nanoscale Science
Maurice & Gabriela Goldschleger Conference Fund
at the Weizmann Institute of Science
Helmsley Charitable Trust's Weizmann-Technion program
on New Options for Solar Energy Conversion

Organizing committee

Adi Salomon, Eyal Cohen Hoshen, Ofer Kedem
Ephraim Shahmoon - Weizmann Institute of Science

Conference Coordinator: Reut Hershenhoren 972-8-9343957
